1. We, our, ourselves and us means SMOKY MOUNTAIN AIR CHARTER.
2. You, your and yourself means any person, except members of the crew, carried or to be carried in an aircraft. (See also the definition for passenger).
3. Baggage means your personal property accompanying you in connection with your trip.
4. Damage includes death, wounding, or bodily injury to a passengers loss, partial loss, theft or other damage, arising out of or in connection with carriage or other services incidental to it performed by us.
5. Passenger means any person, except members of the crew, carried or to be carried in an aircraft, with our consent or with the consent of the carrier. (See also the definition for you, your and yourself).

Route

The route listed above is the route that you have purchased and is valid for transportation from your point of origin, via any previously agreed stop-over and/or transfer points, to the destination as shown. The fare listed is calculated on the basis of the entire journey. Should you wish to change your journey you must arrange this in advance. The fare for your new journey will be recalculated and you will be given the option of accepting the new price or maintaining your original journey.

Fare

Your fare is listed above. Your fare must be paid in advance. We accept cash, credit card, check or money order.

Seating

We reserve the right to assign or reassign seats at any time, even after boarding of the aircraft. This may be necessary for operational, safety or security reasons.

Refusal

In the reasonable exercise of our discretion, we may refuse to carry you or your baggage. In this circumstance you will be entitled to a refund if you have already paid. We may also refuse to carry you or your baggage if one or more of the following have occurred or we reasonably believe may occur:

1. Such action is necessary in order to comply with any applicable Government laws, regulations or orders.
2. The carriage of you or your baggage may endanger or affect the safety, health, or materially affect the comfort of other passengers or crew.
3. Your mental or physical state, including your impairment from alcohol or drugs, presents a hazard or risk to yourself, to passengers, to crew, or to property.
4. You have committed misconduct on a previous flight.
5. You have not paid the applicable fare, taxes or charges.
6. You fail to observe our instructions with respect to safety or security.
7. You have previously committed one of the acts or omissions referred to above.

Baggage

Actual baggage allowance will depend on the length of the flight, and the number and weight of the passengers. The weight allowance can be increased by decreasing the fuel carried, but understand that this may increase the need for additional fuel stops, depending on the length of the flight. Because the aircraft is weight limited, you should attempt to minimize your luggage and you should discuss your luggage (amount, size, weight) with the pilot prior to travel. Some items may not fit into the aircraft. Moldable, soft sided luggage is recommended, as is the use of several smaller bags rather than fewer large bags, due to cargo compartment limitations. Per FAA regulations, each passenger must be weighed prior to take-off along with all baggage. This is to ensure we are within weight restrictions for safety purposes.

UNDER NO CIRCUMSTANCES WILL THE PILOT ATTEMPT TO FLY THE PLANE IF THE TOTAL WEIGHT EXCEEDS THE AIRCRAFT'S WEIGHT LIMITATIONS.

If your passengers and baggage exceed the allowed weight and the excess can't be accommodated with fuel limitations, you will be required to limit your baggage prior to take-off. Small pets are allowed on board for no additional charge, but are considered part of the total weight allotment. All luggage and personal items must be loaded onto the aircraft by the pilot. You will need to specify if you have any items that should not be subject to cold temperatures and you will need to identify items you wish to have inside the cabin with you (even personal bags, purses, briefcases, etc. must be loaded onto the plane by the pilot). The pilot reserves the right to inspect the contents of any baggage and may refuse to carry any baggage that does not meet safety standards or contains prohibited items. Upon landing, the pilot will remove all of your items from the plane for you. Passengers are not permitted to load or unload their own baggage.

Baggage is subject to limitations based upon safety and security. If there are restrictions on baggage, you will be notified in advance.

You must not include in your baggage:

items which are likely to endanger the aircraft or persons or property on board the aircraft,

items the carriage of which is prohibited by the applicable laws, regulations or orders of any state to be flown from or to,

items which are reasonably considered by us to be unsuitable for carriage because they are dangerous, unsafe or by reason of their weight, size, shape or character, or which are fragile or perishable having regard to, among other things, the type of aircraft being used. Information about unacceptable items is available upon request,

Firearms and ammunition must be declared. We may at our discretion accept firearms and ammunition as checked baggage. Firearms must be unloaded with the safety catch on, and suitably packed,

We are not responsible for valuables in your baggage such as money, jewelry, precious metals, computers, electronic devices, negotiable papers, securities or other valuables, business documents, passports and other identification documents or samples; you should maintain control of these items at all times,

If despite being prohibited, any items referred to are included in your baggage, we shall not be responsible for any loss or damage to such items.

We maintain the right to refuse to carry as baggage the items describe above, and we may refuse further carriage of any such items on discovery.

We may refuse to carry as baggage any item reasonably considered by us to be unsuitable for carriage because of its size, shape, weight, contents or character, or safety or operational reasons.

We may refuse to accept baggage for carriage unless it is in our reasonable opinion properly and securely packed in suitable containers.

For reasons of safety and security we may request that you permit a search of your person and baggage. If you are not available, your baggage may be searched in your absence for the purpose of determining whether you are in possession of or whether your baggage contains any item described above or any firearms, ammunition or weapons, which have not been presented to us are present. If you are unwilling to comply with such request we may refuse to carry you and your baggage.

We may specify maximum dimensions or weight for baggage which you carry on to the aircraft. If your baggage cannot be stored in the spaces available, or is of excessive weight, or is considered unsafe for any reason, it may be refused.

Animals

Animals must be declared in advance of the flight agreement. If we agree to carry your animals they will be carried subject to the following conditions:

You must ensure that animals such as dogs, cats, household birds and other pets are properly crated and accompanied by valid health and vaccination certificates, entry permits and other documents required by countries of entry or transit failing which they will not be accepted for carriage. Such carriage may be subject to additional conditions specified by us which are available on request. If animals are carried, we are not responsible for injury to or loss, sickness or death of an animal, which we have agreed to carry.

We will have no liability in respect of any such animal not having all the necessary exit, entry, health and other documents necessary or convenient with respect to the animal's entry into or passage through any country, state or territory and the person carrying the animal must reimburse us for any fines, cost, losses of liabilities reasonably imposed or incurred by us as a result.

Schedules

We undertake to use our best efforts to carry you and your baggage with reasonable dispatch and to adhere to schedules on the date of travel. We may have to change time of flights, often for reasons beyond our control, and consequently times cannot be guaranteed.

If we must cancel a flight prior to take-off, we shall, at your option, either:

1. Carry you on the same scheduled flight at another time;
2. Re-route the flight, with any fare changes being your responsibility;
3. Refund your fare.

If a flight must be cancelled or amended after take-off, due to circumstances beyond our control, you shall be financially responsible for the portion of the flight actually taken, and we shall, at your option, either:

1. Carry you on the same scheduled flight at another time;
2. Re-route the flight, with any fare changes being your responsibility;

3. Refund your fare with respect to the portion of the cancelled charter flight leg(s);

We accept no responsibility for separate connections to or from our flight to any other airline or mode of transportation where separate tickets are used.

If in our opinion you conduct yourself onboard the aircraft so as to endanger the aircraft or any person or property on board, or obstruct the crew in the performance of their duties, or fail to comply with any instructions of the crew including but not limited to those with respect to smoking, alcohol or drug consumption, or behave in a manner which causes discomfort, inconvenience, damage or injury to other passengers or the crew, we may take such measures as we deem reasonably necessary to prevent continuation of such conduct, including restraint. You may be disembarked and refused onward carriage at any point, or refused any further carriage on the whole of our flight network and may be prosecuted for offences committed on board the aircraft.

Electronic devices

For safety reasons, we may forbid or limit operation onboard the aircraft of electronic equipment, including, but not limited to, cellular telephones, laptop computers, portable recorders, portable radios, CD players, electronic games or transmitting devices, including radio controlled toys and walkie-talkies. We will specify prior to take off which devices may be used and when they may be used. Operation of hearing aids and heart pacemakers is permitted.
